Next Meetup
2016. August. 27th. in Akihabara

Website :
pune.pyladies.com

Twitter :
[@PyladiesPune](https://twitter.com/PyladiesPune)

We organise free workshops on Python programming and related technologies for women who aspire to become good programmers. We believe in building skills.

PYCON APAC 2016

Q1.

when you held an event,

How many people from diverse background joined?

How can all these diverse people fit together?

Q2.

when we talk with various people about programming.

Is there any points that are worth caring about?

Q3.

Have you been educated on gender?

Q4.

How might we change this prejudice?

Q5.

What should we do to foster diversity?
